The changes in the fair value reserve are disclosed in the Statement of changes in equity. Other income and expenses comprise rental income, maintenance expenses and depreciation of investment property. All the income and expenses arising from investments are included in Net income from investments. Gains/losses include realised gains/losses on sales, unrealised and realised changes in fair values and exchange differences. Unrealised fair value changes for financial assets available-for-sale are recorded in other comprehensive income and presented in the fair value reserve in equity. The effect of discounting annuities in P&C insurance is disclosed separately. The provision for annuities is calculated in accordance with actuarial principles taking anticipated inflation and mortality into consideration, and discounted to take the anticipated future return on investments into

account. To cover the costs for upward adjustment of annuity provisions required for the gradual reversal of such discounting, an anticipated return on investments is added to annuity results.
